

A.Suryadevi

Software Test Engineer

suryadevi.angappan@gmail.com

Dear Recruiters,

This letter to express my interest in applying for the test Automation engineer job. I believe that I would not only be a valuable addition to your team and company but also that this job would be a great opportunity to grow my career.

I have worked on TNQ Technologies as QA test engineer. This tremendous experience has allowed me to develop skill set which is necessary to successfully execute the above- mentioned role. Besides participating in the development of various software applications and creating detailed test scripts. I also excel at:

- ✓ Testing newly developed software and managing documents and files.
- ✓ Identifying and fixing any bugs and reducing unnecessary software testing expenses
- ✓ Collaborating with colleagues from other departments and executing key office tasks.
- ✓ Working experience on selenium web driver, TestNG using java for UI testing.
- ✓ Experience in Git and GitHub, Maven, Jenkins.

Regarding my accomplishments at TNQ Technologies. I have always met all assigned targets and objectives, and won the employee of the year award once for constantly executing perfect work

I am very attracted to this job opportunity because you are a company committed to improving people's lives through high-quality, software products and services. This is very important to me as I continue my career journey in IT.

Thank you for your time and consideration. I look forward to hearing back from you soon.

Sincerely,

Suryadevi.A
